SUMMARY

Passionate and detail-oriented Frontend Developer with a strong foundation in **HTML5**, **CSS3**, and **JavaScript (ES6+)**. Proven ability to build responsive, user-friendly applications using **React** and modern state management techniques (**Context API, Redux**) and **Tailwind**. Eager to leverage strong problem-solving skills and collaboration to contribute to dynamic development teams and create high-quality, accessible user experiences.

WORK EXPERIENCE

Customer Service Agent, Ryan Air

July 2021 - November 2022

- Provided customer service to customers
- Handled customer complaints, booking and rescheduling of flights with complete customer satisfaction as the goal.

Front-End Developer Intern, Bejite

August 2025 - October 2025

- Developed and implemented responsive web pages and UI components using React.
 - Styled pages efficiently and rapidly utilizing the Tailwind CSS framework.
 - Collaborated with the design team to translate UI/UX designs into high quality, clean code.
 - Utilized Git for version control.
-

PROJECTS

- Developed a cafe/bakery website. Engineered application-wide state management for the cart using the **React Context API** to eliminate prop drilling across deep component trees. Implemented a customization feature for each menu item as well as a ticket generation system for orders placed. Styled and made responsive on both mobile and desktop with **Tailwind CSS**.
